

SCIFF is LXL Foundation's international film festival, hosted in schools, by schools, bringing students diverse stories, cultures, emotions, realities and filmmaking styles from around the world. Through cinema, SCIFF nurtures curiosity, empathy, reflection, creativity, visual literacy, intercultural understanding and Human Capability Development (HCD).

It is built around three integrated cinematic learning pathways: **WATCH – LEARN – MAKE.**

WATCH

Watch 100+ globally curated children's films from 30+ countries in 20+ languages. Films are curated into 45-75 minute age-appropriate programmes for Below 7, 7+, 10+, 13+, and Parents & Educators, bringing each audience stories and perspectives thoughtfully selected for their world.

Host SCIFF in your school with access to the films, festival resources and implementation support for a contribution of ₹25,000.

LEARN

Learn filmmaking through 10 masterclasses led by experts from around the world, covering scriptwriting, pre-production, shooting, editing, post-production and more. With a minimum contribution of ₹25,000, schools receive LMS access and certification for 25 students. Additional certified student access is available at ₹1,000 per student.

Students who are 10+ years can participate in the learning experience; certification is available to students with LMS access.

MAKE

Make encourages students to create their own films and participate in SCIFF's international student filmmaking competition. Students submit a 1-5 minute short film. Each entry receives jury evaluation and opportunities for global recognition, including the chance to become a student juror at partner festivals such as Giffoni, Italy and Zero Plus, Russia.

Entry Contribution: ₹1,000 per film.

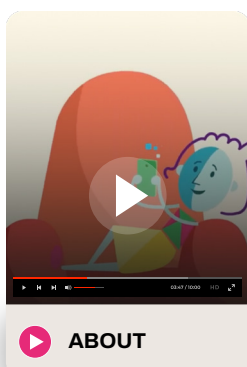

SCIFF IMPACT PARTNER SCHOOL

With a contribution of ₹75,000, your school receives access to **WATCH + LEARN** and recognition as a **SCIFF Impact Partner School**. Your contribution also enables **10 government schools** to host SCIFF at no cost.

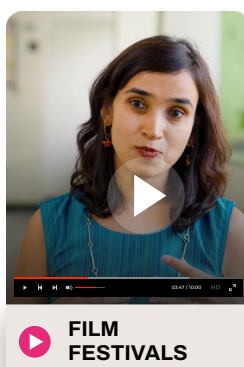

Note: All contributions are made to LXL Foundation.
